THE YEAR THAT WAS.....

It was a “RED LETTER DAY”. 17th June, 2021.

It was 16 months to that day, we had missed our students and they, their loving school. A life in absolute isolation, clubbed with the fear of contracting COVID and or losing someone dear to it. Thank heavens. The wait came to an end. It was an emotional reunion for all of us seeing our children, their cherubic countenances and talking to them online. Though nothing could substitute teaching in a classroom with physical presence, we were more than happy to take online classes in the best interest of our students and parents and in turn, made up for the valuable time lost due to the pandemic. The year gone by was forgotten in a jiffy as if it was a bad dream. Believe us...it was.

We had butterflies in our stomach, when it dawned upon the teaching fraternity, “THE TERRIFIC TEAM” that in a paradigm shift, to keep up with the times, our able Management Committee headed by our revered President, Sri Ganta Subba Rao and dynamic Secretary and correspondent Sri. Patibandla Vishnuvardhan and respected committee members had worked relentlessly and ensured that our switching over to CBSE CURRICULUM from the maiden academic year 2021-22 went off unhindered and that we were to gear up to face the challenges ahead on that new path we were to tread. Our heartfelt regards to all of them, for upping the ante with the new curriculum.

There was an air of expectancy, when Col Ravi Shankar Vasireddy donned the mantle of the new Director (Academics). In his true army style he dived straight into the vast academic pool and declared “Brass tacks”; call for everyone to be ready for a demanding year ahead. All the parameters concerning “Teaching – Learning” were addressed after a lot of planning and planning and of course planning, an expression/ repetition the Director often uses. Even before we realized, we were in the thick of things, the first activity that came up on our radar was Periodic Test -1 and the ensuing PTM from July 15th to July 24th. The activities were conducted in an efficient and professional manner.

“Power of Expression”, the single weapon in one’s armour, that is a sure shot attribute for success was addressed next in the form of trilingual declamation and debate contests for Kindergarten to grade 10th students in English, Telugu and Hindi. The online activity was received well by the parents and students and the judges had a tough time deciding the winners as it was a well contested event.

A day of patriotic fervor was followed by the long awaited face to face interaction with our vivacious and lively students. We went off – line from 16th Aug,2021 (though for half a day i.e., session concluded at 1PM and students headed home for lunch). What a sight it was, children streaming in for the morning assembly in great numbers. The first assembly and those that followed were utilized to brief the children about prophylactic security measures to be taken against Covid infection and emphasizing and re-emphasizing, time and again the need to stick to the instructions and also encouraging everyone to keep each other safe by ticking off and correcting defaulters.

The atmosphere at the seat of learning i.e., SPSHS slowly got into rhythm and in no time the faculty and the students were attuned to the rise in the academic tempo. An auspicious day in any school is the “Teachers’ Day” on 5th Sep. In 2021 it fell on a Sunday. The day commemorating the birth of our erstwhile president, Sri Sarvepalli Radhakrishnan was celebrated on 6th Sep with lot of josh and energy at the school, with myriad events and activities. Senior students stepped into the shoes of their teachers and conducted classes for the juniors. They designed various fun activities and exciting games for their beloved teachers and with prizes to be won, the teachers too gave their very best. It was an exhilarating atmosphere, worth remembering for posterity. The icing on the cake was presentation of Health Insurance Cards and other memorabilia as a welfare measure and token of appreciation respectively to the entire staff by the Secretary and Correspondent of the management committee, Mr. Patibandla Vishnuvardhan.

Pre-festival mini celebrations at school give us a chance to throw light on the prominence of festivals in our lives and also give students an insight into various traditions and customs followed by different religions, thus bringing in the spirit of Unity in Diversity in our young children's minds and also sow the seeds for fostering religious tolerance and brotherhood amongst the children. "Ganesh Chaturdhi" was celebrated at the school on 9th Sep, with the children turning up at the school dressed in traditional attire. Students promoted use of eco-friendly Ganesh idols and made them using moulds and mud and also personally distributed them to the staff, students, visitors and commuters/passers- by in front of our school.

Field trip to NGRAU on Dec 6th saw the children relish an interesting outing with packed outdoor lunch and also getting a deep insight into the vast field of “Agriculture and Animal Husbandry”. The students of SPSHS have an unwritten right of entry into NGRAU because going back in time, in 1908, Sri Patibandla Sitaramaiah and his siblings donated a plot of land to establish a school at LAM village near Guntur town, to provide education to the under privileged children. The government took initiative at Sri Sitaramaiah’s behest to run the institution and aptly named it Sri Patibandla Sitaramaiah Zilla Parishad High School. It is still going strong with campus strength of 300 plus at LAM itself and is one of the reputed century plus old educational institutes in the district.

In 1920, with the co-operation and backing from a few British officers, Sri Patibandla Sitaramaiah founded the “LAM FARM”, an agriculture and animal husbandry research institute with three members on its rolls. Six years into its existence, he and his siblings donated a further 56 acres of prime land for expanding the venture. The government lent its share by acquiring additional land and established what is today popularly known as the N G Ranga Agricultural University.

Phase -2 of the Young India awareness programme was conducted for three days from Dec 6th to 8th. The session covered varied topics like “Diversity in choosing one’s goals”, “Gender Inequality” and “The ancient martial art of KALARIPPAYATTU”. Children were presented a work book each, which they could use as a scrap book too. Thanks, Team “YOUNG INDIA”.
